Y & T WOOD CRAFT

Wholesale Furniture MFG.

Mission Statement:

To Mfg. Quality Products with Integrity in a Christian Family Based Facility.

About Y&T

Founded in 1998, Y & T came into life creating case goods, office furniture and entertainment centers. In 2007 we added seating and occasional tables to our already extensive line to allow us to supply many products to our retailers.

We operate from an 18,000 sq ft manufacturing facility, with a crew of 18-20 extremely responsible and quality conscious employees. The native oak, cherry, maple and other hardwood lumber used in our products is purchased primarily from local suppliers. We use it to manufacture our doors, drawers and other component parts in-house, which gives us complete control of our quality and supply chain.

My Background

In 1986, at the age of 14, I finished my primary schooling and began working for a neighbor who built camel back sofas and library wing chairs frames for an upholstery company. Three years later I began working in a bedroom and occasional furniture factory, soon working my way up to foreman of the occasional department. From this position I developed a keen interest in occasional lines which would greatly influence my future company. To learn more about wood, I spent the next year as a lumber grader at a local sawmill. I then transitioned out of the sawmill and into the forest as a timber cutter, which greatly helped me understand the great management of our precious forests.

After years of learning about all aspects of furniture, from wood growth to production, we founded Y & T Woodcraft in 1998, and within a year it had become a fruitful business. I feel blessed to be able to take our God given resources and use them sustainably to build heirloom quality furniture for you and your customers.

Thank you!

Nelson Troyer

Our Family! as of 2021

Nelson Troyer 48

Bertha Troyer 47

Daughter: **Laura** 25 Married to David Miller and Our First Grandchild Lisa age 2

Son: **Duane** Deceased from cancer in 2004 at age 5

Daughter: **Amy** 21 Employed at Y & T

Son: **Merlin** 19 Construction

Son: **Norman** 17 Employed at an egg layer house

Son: **Edward** 16 Is in our finishing department

Daughter: **Carrie** 14

Did You Know:

- That Our finishes are very durable and tolerant to most household item's like food and drinks etc.
- That to clean Our furniture just use a damp cloth. Don't use any silicon based cleaners.
- That Our furniture will last generations if taken care of properly.
- That Ohio now has 30% more forests than we had in the early 1900's.

Cambria Tables

C A M B R I A[®]

Natural Quartz Surfaces[™]

Why Cambria?

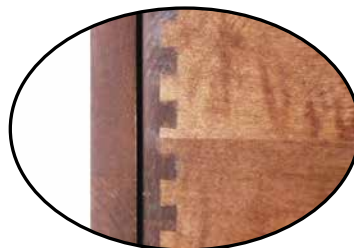

Cambria is made from the most pure quartz available. It is the most attractive and sought after quartz product on the market. Other quartz materials do not have the depth that you get with a Cambria.

Cambria is completely non-porous (Unlike granite) meaning stains will not happen. It is NSF/ANSI51 certified for commercial food applications. Note: Not all quartz surfacing can achieve this rating.

Cambria is twice the flexural strength and more scratch resistant than granite making it a very durable surface. Though it is not heat proof, Cambria is equal to granite in heat resistance.

Cambria is a family owned U.S.A. company that is manufactured in LE Sueur, Minnesota.

Consumer Reports rates quartz as the number one recommended countertop material.

Our Warranty on All Seating

A full year warranty for quality or craftsmanship on wood construction.

We build furniture to stand the test of time for residential or commercial use.

Cushion Foam guaranteed for life of the fabric.

Warranty is void for pieces that have been mistreated, homes with pets, normal wear and tear, pilling or color fastness of fabric/leather.

No Warranty on Rental Use

This Warranty in its entirety is a Repair or Replace Warranty at our option and does not allow for Refunds.

1 Anti-Tilt

A necessary safety feature, keeping the unit in contact with the floor at all times in the open position.

2 Double-Locking TV Headrest

Provides added comfort while lounging or watching TV by raising the upper body. To reduce field failures, the headrest also restricts the unit from being cycled while in the "up" position.

3 Body-Support Tubes and Wires

Together enhances support in the body section to eliminate sagging. The dual-welded offset tubes keep the unit square and enhance unit strength.

4 Contoured Seat Section

Offers a wider seating area by allowing seating close to the arm.

5 Optional Seat-Support Wires

Provides support while sleeping, plus adding durability to the overall unit. Support wires also give the quality feel of stationary seating.

6 All-Round Tubular Frame Construction

Provides a smooth and visually appealing look with improved safety (eliminated pinch points) and comfort in the seated position.

7 Pro-Deck™

Two-ply ballistic decking material enhances durability and visual appeal.

8 Dual One-Piece Round Tubular Legs

Provides enhanced stability and strength, allowing the unit to be operated from the center or side position. Forest black color.

9 Engineered Low-Profile Linkage

Keeps all metal parts below the mattress line, while being the easiest to operate in the industry.

Comfortably relaxing... Comfortably productive...
